

### Compostable Trays

**For Eat Now or  
Eat Soon applications!**

### The 4 OK's ...

Our compostable trays are safe in the oven at 140°C (284°F) for 45 minutes

Our compostable trays are also suitable for microwaves, operating perfectly for up to 5 minutes at 750W or 900W of power for 3 minutes.

As in the conventional oven, the outer surface of the tray is not heated and the tray does not lose its stiffness.

The trays are suitable for freezers up to -40°C (-40°F) without altering the packaging or, of course, the organoleptic qualities of the food. They can go from the freezer directly to the oven or microwave without altering the performance of the tray.

Recyclable (when liner removed) and 100% compostable and can therefore be disposed of with organic waste by creating a quality compost.

	Part. No.	Dimensions	Volume
	4OK4180-1	180 x 180 x 36 mm 7" x 7" x 1.4"	665 mL 22.6 oz
	4OK2160-1K	160 x 130 x 36 mm 6.24" x 5" x 1.4"	395 mL 13.4 oz
	4OK2160-1F	160 x 130 x 48 mm 6.24" x 5" x 1.87"	570 mL 19.3 oz
	4OK2227-1	227 x 179 x 45 mm 9" x 7" x 1.8"	1200 mL 40.8 oz
	4OK2227-2	227 x 179 x 45 mm 9" x 7" x 1.8"	1105 mL 37.5 oz
	4OK2227-3	227 x 179 x 45 mm 9" x 7" x 1.8"	940 mL 32 oz
